Abdulla Al Saba

Junior MERN Stack Developer

Mirpur, Dhaka, Bangladesh | +8801537312828 | abdullah.alsaba.dev@gmail.com

GitHub | LinkedIn | Portfolio

Career Objective

Junior MERN Stack Developer skilled in building responsive full-stack web applications with React.js, Next.js, Node.js, Express.js, and MongoDB, including REST APIs, JWT/OAuth authentication, and deployment on Vercel and Netlify. Seeking a full-time junior developer role at a company where I can contribute to real products, learn from experienced teammates, and grow as a full-stack engineer.

Technical Skills

Languages: JavaScript (ES6+) | TypeScript

Frontend: React.js | Next.js | HTML5 | CSS3 | Tailwind CSS | DaisyUI | React Router | Framer Motion

Backend: Node.js | Express.js | REST APIs | CRUD | JWT | OAuth | Better Auth | Firebase

Database: MongoDB | MongoDB Schema Design

Tools & Deployment: Git | GitHub | Vite | VS Code | Firebase | Vercel | Netlify | Render | Railway

Problem Solving: Data Structures & Algorithms (LeetCode)

Experience

FlyRank AI **Nov 2026 – Present**

Front-end AI Engineering Intern *Remote*

- Selected for the Front-end AI Engineering track (July 2026 cohort), a self-paced, project-based internship program.
- Completing Anthropic courses and hands-on assignments focused on building front-end interfaces and AI-powered features with React.js and Next.js.

Projects

Fable – Ebook Sharing & Publishing Platform May 2026 – Aug 2026

A full-stack platform where readers discover, buy, and read ebooks, and writers publish and sell their own work.
Live Site | GitHub (Client) | GitHub (Server)

- Role-based access for Readers, Writers, and Admins with secure login (BetterAuth, JWT, Google OAuth).
- Readers can browse, bookmark, purchase (Stripe Checkout), and read ebooks online.
- Writers can publish and manage their own ebook catalog.
- Admin dashboard with user management, ebook moderation, transaction history, and analytics charts.
- **Tech:** Next.js | React.js | Node.js | Express.js | MongoDB | BetterAuth | Stripe | Tailwind CSS

SportNest – Sports Facility Booking Platform Jul 2026 – Aug 2026

A booking platform where users find and reserve sports facilities by date and time, and owners manage their listings.
Live Site | GitHub (Client) | GitHub (Server)

- Search and filter facilities, then book by date and time.
- Facility owners can add and manage their own listings.
- Users can view and cancel their bookings.
- Secure JWT login via HttpOnly cookies, backed by an Express REST API with 8 endpoints and a 3-collection MongoDB schema.
- **Tech:** Next.js | React.js | Node.js | Express.js | MongoDB | JWT | Better Auth | OAuth | Tailwind CSS | Framer Motion

Education

Dhaka Central University **Jan 2022 – Present**

B.Sc. in Chemistry *Expected Graduation: 2027*

Certifications

Complete Web Development Course – Certificate of Completion with Excellence **Jan 2026 – Oct 2026**

Programming Hero (Batch 13) *Verify*

- Demonstrated proficiency in HTML, CSS, JavaScript, React.js, Next.js, Node.js, Express.js, and MongoDB, along with AI-powered development practices.

Language

Bangla: Native | **English:** Professional Working Proficiency
